

Nursery Autumn 1

What is my child learning this term?

Please see below the core books the children's learning will be based around this half term.

You will also see some key learning that will take place in each subject and ideas on how to support your child's learning at home.

Books that will be shared with the children this term:

Communication and Language

To support your child's development, we strongly encourage promoting songs, poems and rhymes. The repetition, sounds and rhythm help children to predict what's coming next. Very quickly your child may have a favourite nursery rhyme. There will be an opportunity for all children to sing their favourite nursery rhyme to their friends if they would like to.

Literacy (Reading)	Literacy (Writing)	Mathematics	Understanding the World (Science)	Understanding the World (History)
Explore natural sounds in the environment and listen carefully to what they can hear. Explore sounds: m, a, s, d, t	Practice using dominant hand when holding a pencil. Give meaning to marks and draw circles and lines.	Focus on numerals 0-3 -Touch counting -Number recognition -More than -Less than -Composition	Look at their own baby photographs, begin to talk about differences from then to now. Name various body parts and copy actions.	Children are encouraged to talk about their families and the special people that are in their lives.
Support reading at home: Your child will be sent home with a reading book and a wordless book. Please encourage your child to hold the book independently and turn pages carefully. Please question your child about what they can see in the picture such as "why is that man happy?", "where do you think they're going?"	Understanding the World (Geography) Children will look at their environment- what they can see around them and talk about what they hear, smell and see.	Expressive Arts and Design (Music) Children will be listening carefully to environmental sounds. We will also explore making noises using body percussion.	Understanding the World (Computing) Children complete age-appropriate activities using the computer and the interactive white board.	Understanding the World (RE) This links closely to PSED where children will be taught about differences and similarities.
	Personal, social and Emotional Development (PSHE)	Expressive Arts and Design (Design and Technology)	Expressive Arts and Design (Art and Design)	Physical Development (PE)
	Children will talk about their families and listen to others to begin to understand everyone is different.	Children will explore colour mixing using the primary colours, red, blue and yellow.	Children will continue to explore using different tools and techniques to create a variety of art work.	Children will practice changing speed and direction with control. Children will also explore rolling and catching a ball.
